Together We Are Stronger: Showcasing Collaborative Efforts to Support the Wellbeing of all Public Safety Personnel (PSP)

Save the Date: Tuesday, March 19th & Wednesday, March 20th, 2024

About:

The Canadian Institute for Public Safety and Research (CIPSRT) is hosting a 2-day symposium that is intended to raise a greater awareness among PSP about past, present, and future CIPSRT related activities and achievements across Canada. Specifically, the symposium will showcase the combined efforts of CIPSRT and its Public Safety Steering Committee (PSSC) and will include highlights of the research outcomes and related national efforts in support of Public Safety Personnel (PSP) presented by invited national consortium researchers and other CIPSRT network members. The symposium will also create opportunities for members of the PSSC to interact with each other, CIPSRT, other national stakeholders, academics, researchers, and clinicians. Through these collaborative efforts, we hope to rapidly disseminate reliable solutions and enhance the wellbeing frontline PSP, their leaders, and their families.
