

Elevating Out-of-hospital Care: The Impact of Ventilation Feedback Technology

Join ZOLL® for a live webinar, Wednesday, February 12, 2025. This opportunity is designed for EMS and Fire services who are interested in learning about the X Series® Advanced monitor/defibrillator and real-time ventilation feedback through the use of the Real BVM Help® dashboard and AccuVent™ technology.

SPECIAL GUEST PRESENTERS

Joshua Collier

Assistant Chief, EMS
South Metropolitan Fire District (MO)

Kevin Joles, NREMT-P

EMS Division Chief
Olathe Fire Department (KS)

Webinar participants will receive a supplemental case study on ventilation feedback that highlights the findings and discussions from the webinar.

Event Highlights

- Clinical overview of ventilation feedback
- Customer experience introducing and deploying into the frontline
- Debriefing and QA/CQI using RescueNet® CaseReview
- Clinical use cases
- Ask the experts Q&A
