

Heart of a Future Hero is coming to Calgary!

Join ZOLL® and Alberta Health Services EMS for the Heart of a Future Hero educational tour, and learn what it means to be a paramedic! Help us celebrate Canadian Paramedic Services Week and the people who dedicate themselves to improving patient care in their communities.

ZOLL knows how committed paramedics and support staff are to their communities. We see it in all that they do. To show our appreciation, we're helping them share their profession with future paramedics like you by bringing the ZOLL Heart of a Future Hero educational tour to your community.

Learn what it means to be a paramedic, take part in the CPR and Ventilation Challenge, and enjoy refreshments, fun, and networking.

Space is limited. Please register to attend.
