E-bulletin – April 2026

PCC Summit – June 3-5, 2026

The PCC Annual Leadership Summit is less than two months away. We look forward to hosting you in Calgary, Alberta this June. Our program will feature panel discussions intended to engage our delegation in robust conversations on Health and Human Resources, Clinical Response Plans, and Offload delays. In addition to the Summit sessions, you will have the opportunity to meet with industry partners, network with colleagues, and engage in conversations with subject matter experts from around the globe. We are pleased to share with you that our exhibitor floor is now sold out. If you have not yet registered as a delegate, please click here:

Canadian Paramedic Research Day (CanPRd)

Registration is now open for the fifth annual Canadian Paramedicine Research Day (CanPRD).

Partnering with the Paramedic Chiefs of Canada and supported by Stryker, CanPRD is a free, online conference organized by paramedics for paramedics. It showcases both original research and recent advances relevant to frontline providers.

The conference will take place on May 21, 2026, from 1000 – 1700 (Eastern) / 0800 – 1500 (Mountain). Recordings of all sessions will be available until the end of 2026 for everyone who registers before the conference.

Registrants receive a certificate of attendance (whether viewing on the day or recordings) that can be used for Continuing Medication Education credits in many jurisdictions (check with local regulators).

Register at: www.canadianparamedicineresearch.ca

Paramedic Services Week 'Improving Outcomes, Together' May 17th-23rd, 2026

Improving Outcomes, Together extends beyond medicine. It's a collective responsibility that involves investing in the people behind the care with fair pay, safe staffing levels, mental health resources, leadership that listens and acts, and opportunities for professional growth. This week, we recognize the people behind the patch and reaffirm our commitment, as partners and communities, to Improving Outcomes, Together.
