

Community Paramedicine – Moose Jaw

Casual
Moose Jaw, SK

Medavie Health Services West (MHSW) is the subsidiary of Medavie Health Services responsible for the optimal operation and management of an integrated, service-led primary health care organization. People are the biggest drivers of our success, and we are excited to continue building a healthier Saskatchewan and Alberta together.

MHSW-Moose Jaw delivers a mixture of BLS, ALS and MIH service delivery in both an urban & rural environment utilizing both on-call & on-site deployment. As the population & economy of the city and surrounding area of Moose Jaw grows, so does the need for paramedic service delivery & the professionals who deliver it. Many professional opportunities exist within MHS West-Moose Jaw with the diversity of the service delivery that includes a community involvement, Bike Team, public education, internal/external training, instructorship(s) opportunity with many more future service delivery initiatives.

Medavie Health Services is a national leader in primary health care solutions and the largest contracted provider of emergency management services in Canada. Together with Medavie Blue Cross, we are part of Medavie, a health solutions partner committed to improving the wellbeing of Canadians.

With a growing network of 5,400 health care professionals in six provinces, Medavie Health Services has a long history of operating ground and air ambulance services, medical communications, Mobile Integrated Health/Community Paramedicine programs, 911 Public Safety, 811 Telehealth, home health care, as well as clinical training.

We are proud to invest in communities to help address some of Canada's most pressing physical and mental health care challenges.

With an extensive Extend Health Benefit Plan that includes (and not limited to) dental, prescription, paramedical, etc. that also include Critical Illness coverage, both Life and Disability Coverage, matching RSP contribution (max 7%), pet-friendly accommodation options and so much more opportunity for personal and professional growth in the Medavie-Moose Jaw organization as a paramedic professional.

As an employee of Medavie Health Services we are accountable to our patients and coworkers by participating in and supporting all safety related initiatives, as well as acting in a manner that fosters a culture that focuses on patient safety and a safe and respectful workplace.

HOMEBASE is an Integrated Youth Services (IYS) model of care and part of a global movement focused on transforming how youth, young people, and their families access the resources, services, and supports they need. The primary goal of HOMEBASE is to support communities in connecting youth to the right services, in the right place, and at the right time, with a strong emphasis on collaboration, multidisciplinary care, and early intervention.

The Community Paramedic (CP) plays a key role in promoting health and preventing illness and supplements existing Primary Health Care services. This role is responsible for identifying health needs and risks, developing and implementing health programs, providing direct patient care, and collaborating with other healthcare professionals to improve access to care and health outcomes for youth in the community.

As part of the Mobile Integrated Health Team, the Community Paramedic works closely with YMCA Homebase staff and supports a diverse patient population, including youth requiring mental health and addiction services, physical health supports, and coordination of care and community-based services. The CP works collaboratively within an interdisciplinary framework alongside service providers such as Community Mental Health and Addictions, Primary Health Care, Psychiatry, Paramedic Services, justice and victims' services, child and family services, police services, and other community partners.

As an employee of Medavie Health Services (MHS), Community Paramedics are accountable to patients and coworkers by actively participating in and supporting all safety-related initiatives and fostering a culture that prioritizes patient safety and a safe, respectful workplace.
