We Are **HIRING**

Flight Advanced Care Paramedics

Join Our Team at Keewatin Air - Your Career, our Commitment, Let's Make a Difference!

Job Summary :

The Advanced Care Paramedic will provide care for patients as part of a multidisciplinary team within an aero medical transport setting. The Advanced Care Paramedic will work as part of the Air Medical Crew (AMC) which could be a Flight Nurse (RN) or Registered Respiratory Therapist (RRT), supplemented with the presence of an Online Medical Control (OLMC) Physician to provide high quality care and service, which includes rapid response assessment, intervention, and safe transport of ill or injured patients of all age categories during inter-facility transfer.

Minimum Requirement :

- Current unrestricted license as Advanced Care Paramedic in their home Province/Territory and the ability to attain an Advanced Care Paramedic Registration in the College of Paramedics of Manitoba (CPMB)
- 2 years of overall experience as an Advanced Care Paramedic
- Experience providing aeromedical care is an asset
- Current Basic Cardiac Life Support (BLS) certification
- Current Advanced Care Life Support (ACLS) certification
- Current Pediatric Advanced Life Support (PALS) certification is an asset
- Current Neonatal Resuscitation Program (NRP) certification is an asset
- Current Trauma Course (PHTLS or ITLS) is considered an asset

Compensation and Benefits :

- \$98,000 – \$123,500 per year based on experience
- Group Benefits package
- RRSP Match
- Employee Share Purchase Plan (ESPP)
- Travel and accommodation paid and arranged by the company
- Air Medical Training Provided

Other Information:

- Location: Cambridge Bay, Churchill, Iqaluit, Igloolik, Ottawa, Rankin Inlet, Thompson, Winnipeg, and Yellowknife
- Rotational schedule of two weeks on, two weeks off
